VILLAGE CAPTURED BY BRITISH TROOPS ON BELGIAN FRONT

Allies Drive Ahead For Good Gains, the War Offices Report

ITALIAN CAMPAIGN TO OPEN SOON

Kaiser Receives Underlings in Audience at Great Headquarters

(International News Service.)
London, Aug. 10.—British troops completed the capture of the village of Westhoek in a forward thrust last night, and also secured the remaining enemy positions on the Westhoek ridge, the war office announced. The French continue to make progress east of Bixchoote. A successful raid was conducted on a wide front east of Monchy.

(International News Service.)
London, Aug. 10.—British and French guns are preparing the way for another infantry drive in Belgium. Now that the weather has cleared, the hundreds of massed guns of every calibre are hurling tons of steel upon the German trenches and forts all along the 35-mile line from Arm-entieres to the North Sea. Particularly savage is the cannonading around Bixchoote and Hollebeke, where the artillery roars night and day.

DEMANDS TO KNOW U. S. WAR AIMS.
(International News Service.)
Washington, Aug. 10.—An open demand that the United States immediately declare its war aims was made today by John M. Baer, of North Dakota, who qualified as a representative in congress, succeeding the late Henry G. Hensen.

CENTRAL POWERS DRAFT NEW TREATY.
(International News Service.)
Zurich, Aug. 10.—Negotiations for the drafting of a preferential commercial treaty between Germany, Austro-Hungary, Bulgaria and Turkey opened in Vienna today, according to a dispatch from that city.

GERMAN WAR LORDS ARE CONFERRING.
(International News Service.)
Amsterdam, Aug. 10.—Dr. Georg Michaelis, the new German chancellor, and Dr. Richard Von Kuhlmann, the foreign secretary, have arrived at German great headquarters for a momentous cabinet council, said a Berlin dispatch today. Matters of the greatest importance pertaining to the military, domestic and international situation are to be discussed.

KAISER RECEIVES HIS UNDERLINGS.
(International News Service.)
Zurich, Aug. 10.—Dr. Michaelis, the new German chancellor, the new members of the German government, Field Marshal Archduke Frederick of the Austrian army, and the Austrian ambassador, Prince Hohenlohe, have all been received in audience by the Kaiser, according to advices from Berlin today.
(Note: It is assumed that the audience granted by the Kaiser took place at German great headquarters.)

AUSTRIANS PREPARE FOR ITALIAN CAMPAIGN.
Rome, Aug. 10.—The Austrian chief of staff on the Italian front has removed his headquarters from Trentino to the Isonzo front. The Austrians are heavily concentrating artillery and withdrawing troops from the front line in preparation for the autumn campaign.

VETERAN FALLS DEAD ON STREET

H. O. SMITHERS SUCCEUMS TO A STROKE OF APOPLEXY.

While on his way home from Long's Drug Store in Decatur, H. O. Smithers, apparently in excellent health, fell dead on Canal street yesterday afternoon between 3 and 4 o'clock. Dr. Watson pronounced the death due to apoplexy.
Mr. Smithers was 74 years of age and a Confederate soldier. Just before he started home he had talked interestingly with Dr. Long about the battles of the civil war.
Deceased was a member of Horace King Camp, 476, United Confederate Veterans. During the war he belonged to Company K, Fourth Alabama Cavalry.
Mr. Smithers leaves a wife and a daughter, Mrs. Stewart, and many other relatives. He was a carpenter by trade and has many friends here.
The burial will not take place until tomorrow afternoon, pending the arrival of relatives. Mr. Smithers was a member of the Methodist church, but because of the absence of Rev. Stevenson, pastor, the funeral service will be conducted by Rev. W. N. Sholl of the First Presbyterian church at 3 o'clock.
A ritual will be said by his Confederate comrades.

GERMANY TO HOLD FRENCH SOIL

(International News Service.)
Zurich, Aug. 10.—Phillip Scheide-mann, the German socialist leader, declared in a speech at Mannheim that Germany has no intention of relinquishing Alsace-Lorraine. The speech provoked numerous fights among the audience and the meeting broke up in confusion.

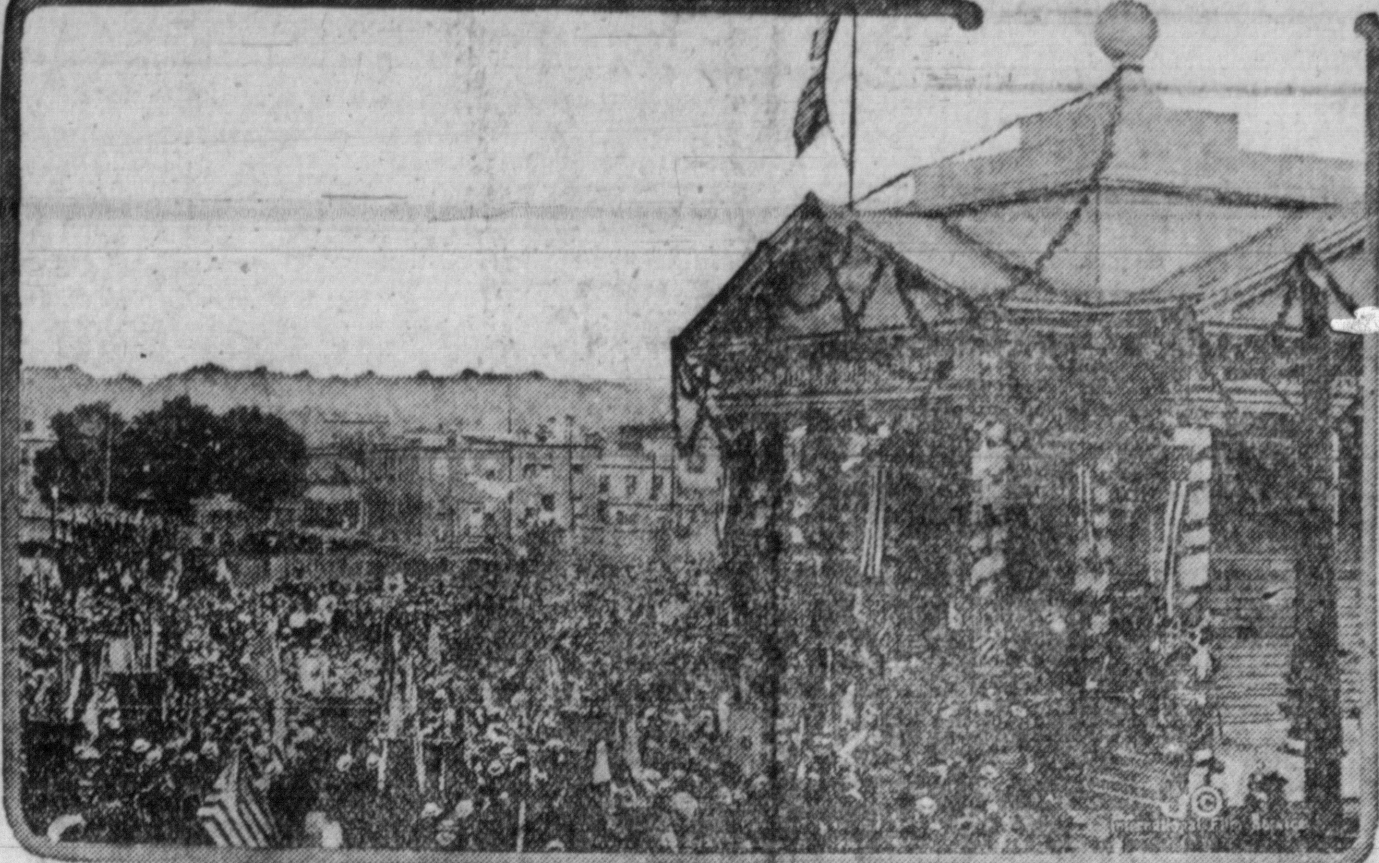

To Treat American Wounded in France

(International News Service.)
American Training Camp in France, Aug. 10.—All of the American wounded will be treated in France and none will be sent to the United States, according to the present plans of the officers in charge of the first expeditionary forces.
Close co-operation between the army medical corps and the Red Cross is already assured. The health of the Sammies continues exceptionally good.

Wednesday Next is Field Day at Courtland

A great day is promised to Courtland on next Wednesday when there will be a picnic, ball game and speaking. Hon. W. W. Brandon, of Tuscaloosa, candidate for governor, will be the principal speaker of the day. For the ball game there will be a bout between the full-blooded Nebraska Indians and the Courtland team.

CROWDER MAKING IT MUCH HARDER TO EVADE DRAFT; WEDDED TO SERVE

CONSCIENTIOUS OBJECTORS HAVE NOT YET ESCAPED, NOR HAVE ALL MARRIED MEN WHO FILE CLAIMS.

TOO MANY TRY TO ESCAPE

EIGHTY PER CENT CLAIM TO BE EXEMPT, CAUSING APPREHENSION IN OFFICIAL CIRCLES. THE LAW IS CITED.

(International News Service.)
Washington, Aug. 10.—The way of the C. O. (which is English for conscientious objectors) will be hard. As yet the C. O. is not in the dictionary of the war department.

Provost Marshal General Crowder has today in his possession numerous resolutions passed by "conscientious objectors," but has failed to give them official recognition. Whether or not the C. O. is going to be a military man, told to report to the national army immediately, and come under military jurisdiction, has not been decided.

In England these objectors have been subjected to civil law and have been given jail sentences, but in the United States such men pass out of the jurisdiction of the civil authorities automatically when they object and will come under the orders of a court martial and will not be given an opportunity to languish in jail. In the military camps they will be given the work of ordinary camp prisoners.

Washington, Aug. 10.—Wholesale claims for exemption from the army draft, reported from many sections, caused Provost Marshal General Crowder to telegraph the governors of the states last night directing that local boards "reduce discharges for dependency to a far more restricted class and to very necessities and clearly defined circumstances."

In some districts as high as eighty per cent of the registrants called for examination are filing claims for discharge on the ground of dependent relatives. Such a condition indicates, Gen. Crowder said, that unfair advantage is being taken of the regulations designed to protect men who properly should be exempted, and actually threatens to interfere seriously with the raising of the national army.

The message to the governors follows:

FIREMAN OF TRAIN THAT HIT COW, JUMPS AND DIES

Believed That Was Being Wrecked at Scene of Last Week's Accident

R. E. Smith, fireman on the freight train wrecked by a cow a few miles above Lewisburg last Monday, today met his death not far from the same place and on the same freight by jumping from the engine while it was running at full speed.
According to reports reaching here, Smith was firing the engine when a lever made a shift of its own accord, causing him to believe he was about to be in another wreck. He suddenly jumped and was instantly killed. He lived in Montgomery, but had a run out of Nashville.
In the wreck last Monday the cow threw the engine and ten cars into a ditch. The engine rode the rails a few seconds after it hit the cow, giving the fireman and engineer time to jump before it toppled into the ditch.

New York, Aug. 10.—All danger of a general strike of carpenters on government war construction work throughout the country was averted today when the strike on the Pelham Bay cantonment camp was settled.

Bushel of Poisoned Court Plaster is Found by Officers

(International News Service.)
Cleveland, Aug. 10.—Two half bushel baskets of poisoned court plaster were found in an apartment raided by detectives this morning. A man of German-Polish descent whose name was withheld, is under arrest and will be turned over to the federal authorities later today. The court plaster bears the mark of a Chicago manufacturer.

INDIANS TO PLAY LOCAL SWATSMAN

WILL TACKLE "Y." AGGREGATION MONDAY AND TUESDAY.

Monday and Tuesday of next week, Green's Nebraska Indians will be here to lock horns with the Y. M. C. A. in a duo of fracas. This famous club staged three battles in the local ballfield two years ago, and hung the "Indian sign" on the locals for a clean sweep of the series. As the Red Men are considerably stronger now than ever before, notwithstanding the army draft, it will be a treat to local fandom to watch them in action again.

"Chief," the famous Shoshone Indian, is still with Green's crew, and will probably work in the first set-to against the "Y." Manager Ott Hames is making great efforts to strengthen his club in order to give worthy opposition to the Nebraskans, and will probably import several tossers of note, as the Y ranks have been sadly depleted from one cause and another.

LIGHT WEIGHTS AND MEN WHOSE TEETH BAD, NOW ACCEPTED

Provost Marshal Wires New Regulations Which are Put Into Effect

EXAMINATIONS CONTINUE NEXT WEEK

Thirty-Four "Certain Soldiers" Secured From 260 Men So Far Called

Following receipt of instructions from Provost Marshal General Crowder by wire, the Morgan county exemption board today tightened up in its examination, holding several men for army service who would have been excused earlier in the week. The instructions reduced the minimum weight of men who are eligible, as outlined in the telegraphic dispatches appearing in yesterday's Daily, and also advised that bad teeth were not regarded as cause for rejection. Upon receipt of this last wire, a man who had just been examined and turned down was called back and passed. The board is now confronted with the problem of determining what to do with men excused earlier in the week, who would come within the present requirements. It is probable that these may be called back and re-examined.

At noon today 260 men had been called for examination, and of this number but 34 "certain soldiers" had been secured. By "certain soldiers" is meant men who passed the physical examination and did not claim exemption. At the same ratio it would be necessary to call more than half of the 3212 registered men of the county, unless exemption claims are overruled in numbers. It is now believed that many claims of dependency will not be allowed.

The selection board admitted today that it did not hope to conclude the examination of the first call men before the middle of next week. Examinations will be continued through Saturday and resumed Monday. The men will be examined in the order in which they were drawn. The board last night wired Governor Henderson for permission to employ two additional physicians, but no reply had been received this afternoon.

Although a much larger proportion of men were rejected yesterday afternoon, it is a singular fact that of those accepted a smaller proportion number claimed exemption. Eleven men were obtained during the afternoon who were classed as "certain soldiers." This morning but five were obtained.

The list of "certain soldiers" follows:

- Will Walker (c).
- Willis O. Smith.
- Charlie Dean.
- James H. McCleskey.
- William S. McManahan.
- Sam Burton.
- Hazie Sharpey.
- Robt. H. Lively.
- Grover C. Swift (c).
- John F. Thompson.
- Arthur Morris.
- John Wilkinson.
- Charles Beckas.
- William Smith (c).
- J. Buford Flack.
- Leon N. Sykes (c).
- Albert Hill.
- Henry J. Holmes.
- Chas. G. Tucker.
- John T. Barnes.
- John H. Livingston.
- James Johnson.
- Samuel Townsend.
- Raymond W. Orr.
- Owen Jackson.
- Leslie Fennoy.
- William Harlow.
- James Day.
- U. E. Lockhardt.
- Ed Ryan.
- Robt. Ware.
- Ernest Wynn.
- James McDaniel.
- Chas. Timmons.
- Jesse Gurley.

The local board called 42 men this morning. Of this number 23 passed the physical examination, 15 were rejected and four did not report.

Those accepted are: James D. Weems, Henry W. Carden, Tim Story, Lankin Z. Rogers, John Wilkinson, Lamar Allen, Horace Anderson, Chas. Beckas, Annie Wilhite, Wm. Smith (c), Sam Burnett (c), Wm. E. Hargrove, Nunnally Oldacre (c), M. M. Smith, Frank L. Inman, Isaac Johnson, Jr., Atticus G. Maddox, L. Buford Flack, Robt. Lawrence, Leo N. Sykes (c), Thos. B. Warren, Jos. J. Bell.

Men Rejected are: David M. Lynne, James H. Black, Milton B. Simmons, Wm. Russell, Geo. C. Little, Geo. T. Mann, Leslie R. Tunstall, Andrew H. Jeffers, Reese G. Pace, Leon S. Robinson, Willis Tabcock, Jim Vincent, Lonnie Shipcock, Geo. E. McCullough, Jas. A. Defoe.

Four failed to appear: Mose L. McGehee (c), Luther D. McCleskey, Guy M. Orr, Felix S. Orr.

LAWRENCE BOARD, SHORT ON BLANKS, FORCED TO REST

The Lawrence county exemption board has been hampered today because it has run out of the regulation blanks used by the doctors in the physical examination. Circuit Clerk Jackson telephoned Mr. Draper of the local board, but Mr. Draper had already sent his surplus to the Marshall county board.

Mr. Jackson straightway sent a telegram to Governor Henderson for more blanks. The board ran out of the forms about the middle of the morning and at 3 o'clock was still waiting for them.

Up until last night the Lawrence county board had examined 293 men. Of this number 45 failed to pass. Only a few did not file claims of exemption.

If the blanks come in time the board hopes to finish its task tomorrow of examining the 442 men in the first call.

Robinson Fails to Break Into Army; Tried Four Times

If at first you don't succeed, try, try again," is a motto familiar to every school boy. But it absolutely failed to work in the case of Leon Robinson, of West Albany. He has tried—and tried hard to get in the army or navy for four successive times and has failed each time.
So anxious was he to fight for Uncle Sam that he went to the trouble and expense of having an operation performed to remove a slight defect, but the board this morning turned him down for the fourth time. Mr. Robinson is now wearing his exemption button. "I have tried my best and I don't propose to try again," he said.

A NEW INSTANCE OF GERMAN ATROCITY.

The various acts of barbarity by which the Germans have distinguished themselves and added to the lustre of the "kultur" that seeks only to destroy, have been added to and improved. The Germans have gone one bit further in their violation of the laws of civilized warfare, if the testimony of an American negro who was on board the steamer Belgian Prince can be believed.

This negro, the sole survivor of a crew of 38, on reaching Liverpool, told the story of the cruel murder of innocent seamen. They were taken from the lifeboats, their life belts thrown away, and were placed on the deck of the submarine. Then the U-boat submerged, and the men were left to drown. William Snell, who alone escaped with his life, managed to secret his life belt under a raincoat, and in this way this dark and bloody secret of the sea came to the ears of an outraged world.

Americans will not shudder at this fresh atrocity. They have long since been convinced that the German heart knows no sympathy, and that the German rule is fear and vengeance. The murder of Edith Cavel, the dropping of bombs upon the non-combatant population of neutral and warring nations, the use of poisonous gases, the inauguration of the U-boat campaign of ruthlessness and frightfulness, the despoliation of Belgium and Serbia, the mutilation of men and children and the ravaging of women, are but links in the long chain of evidence that convicts the Kaiser and his henchmen of being beasts in human guise.

To attribute imperfections to an enemy is natural. To believe some of the astounding charges made against the Germans at first seemed impossible. In the light of accumulated testimony, only the most credulous would now refuse to admit that the barbarity of the Hun has been transmitted directly to the Twentieth century by his sanguinary successor, the "kultured" German.

RUSSIA NEEDS NO MEN, SAYS ROOT COMMISSION.

The Root commission, after spending some weeks at Petrograd and getting a vast quantity of first hand information as to conditions in the new republic, returned home convinced that there is no necessity for sending American soldiers to the eastern front. Only one member of the commission took an opposite view, and as a hopeless minority it is probable that any recommendations that he may make will be overruled by the war department.

It was found by Mr. Root and his associates that with ten million men already in the army, Russia is opulent in man power and poor in equipment. It was found that Russia does not need soldiers but guns and munitions. To send a handful of American fighting men to reinforce this great army, sounds to the commission like sheer foolishness and audacity. This is a view that the nation generally will accept.

If it is deemed expedient to send other troops to the eastern battle-front, these should come from Japan. As one of the allied nations, Japan has already taken an active part in the war. As one of the beneficiaries of the peace that is to be concluded,

Japan is under deep moral obligations to back up the entente in whatever steps are necessary to wrest world control from the hands of the mad German emperor.

It is hardly probable that the wild dreams of American millions holding the trenches on two fronts will ever be realized. The most that this nation can do, remotely situated from the theatre of war, is to send an army of reasonable proportions to the western front. To equip and supply this force will be no small task.

Montgomery seems to prefer its booze joints and questionable resorts to the big army cantonment. Probably the Ohio troops had just as soon train at some other place.

Just at present, very few men of eligible age are boasting of their physical prowess. What's become of the "white hopes"?

Woman Who Forsakes Career for Love

Is Heroine of Picture at Delite and Star Theatres Today.

Joan Sawyer makes her debut as a dramatic artist in the latest William Fox release, "Love's Law." The noted dancer plays the part of a girl who forsakes a career which is certain to bring fame and fortune, to rejoin her Gypsy lover in the wilderness. Stuart Holmes, noted Fox villain, plays his first sympathetic role, that of Andre, the Gypsy.

Innocent (Miss Sawyer), after being cast off by her wealthy uncle, wanders into the forest and is found by Andre, who is the guiding force of a large band of Gypsies. The man takes her prisoner against her will, but she is liberated by Rosella (Olga Gray) a girl who loves Andre herself.

In escaping, Innocent meets Standish Driscoll, son of her wealthy uncle (Leo Delaney), who immediately falls in love with her. But Andre overtakes her and brings her back to the camp. It is there that she gives the first evidence of her marvelous dancing abilities by performing an intricate step around the Gypsy camp-fire.

Another escape brings Innocent to the city. There she cultivates her talents and soon, under the name of Moner Moyer, she achieves fame. Standish Driscoll still loves her and wants to marry her, but the girl is finally brought to a realization that she loves the big Gypsy of the forests.

So she forsakes her career and returns to the hills.

In addition to this marvelous Fox drama, "Charley Chaplin, in 'Easy Street' is being shown at the Delite and Star today.

DOCTORS BUSY MEN.

The physicians who are assisting in the examination are busy men. After working hard all day, they are compelled to attend to that part of their practice that they cannot shift to brother physicians, at night. This morning at 10:30 o'clock Dr. W. C. Bailey was called and told that he "just had to come." He was compelled to respond to the call. It was so urgent.

Examined Thursday Afternoon.

Those discharged by the board Thursday afternoon as being physically disqualified are: Herman E. Turner, David I. Stewart, E. W. Smith, John A. Speegle, Enser King, Elton W. Clarke, A. L. Thurman, Rich L. Gibson, Isaac N. James, Thos. B. Woodard, Willie E. Thompson, Robt. W. Carter, Willis H. Sanders, Wortie E. Beasley, Jas. K. McGar, Thos. Z. Bailey, Paul C. Pernelle, H. M. McClannahan, Tom Coleman, Jas. Hunter (c), Luther W. Langford, Frank Collins, Austin Nichols, Will Montgomery (c), Wm. Briscoe, Bethel G. Hall, R. E. Johnson.

Men who passed the physical examination: Horace McLaurein, Frank Gustis (c), Will Walker (c), Earnest Williamson, Lambeth C. Mays, Wm. G. Bartee, Noah S. Smith, Willis O. Smith, Allen B. Hightower, Geo. R. Beckham, Gordon H. Battles, Charley Dean, Charlie McDougle, J. B. Garrett, Jas. H. McLeskey, Fred A. Chandler, Belton Edmonson, Wm. McClannahan, Sam Burton, Elmer Bussey, Hazey Sharp, Fred W. Glasgow, Andrew Wilson, Robt. H. Lively, Thos. W. Lyle, Wm. E. Wallace, John W. Graves, Virgil O. Clark, Warren Atkins (c), Joe C. Swift (c), John W. Thompson, Jessie L. Mize, Arthur Morris.

The following failed to report for examination: J. J. Nelson, Addie Bouldin (c), Wert Irland, Homer L. Rhodes, Sidney T. Lee, Arthur W. Derrick, David Langford, Carl C. Hank, Eddie L. Messer, Willis Wheeler (c), Felix Widner, Jewel Quick, Joseph T. Weatherly.

BARKEY HAD BIG POROUS

PLASTER ACROSS HIS BACK

William Wallace, a negro of Decatur, when he presented himself before the examiners, claimed trouble with his back and to support his claim he had a glaring adhesive plaster over the alleged tender place. But the doctors in their wisdom examined every part of the afflicted darkey and pronounced him sound and well. When his weak back claim was found wanting, he offered no reason why he should not fight for his country. The clerk informed him that he would be called at the proper time.

Joseph K. Gar, of Decatur, was denied the honor of fighting the Germans, all because he lacked just one-half pound of weighing enough for his height. Otherwise he was sound as a dollar. "We have the scale of weight and height laid down," said Dr. Bailey, "and we are abiding by it."

John F. Thompson, of Hartselle, in speaking to a Daily reporter, said: "I told my father when I left Hartselle that he just as well get him another clerk, for I had no excuse for not going to war and that I knew well that I would pass the physical examination." Sure enough, Mr. Thompson passed all the way round. Did he file any claim of exemption? "Mr. Draper, let me know when you want me," he said.

Pleased Because He Was Found Physically Fit.

The rule concerning examinations is that if one doctor finds a man physically deficient, he must be pronounced so by another doctor before he is given his discharge papers. Fred A. Chandler was rejected by his first examining physician. But the next examiner that came along decided that Mr. Chandler was sufficiently qualified. "I am glad of it," said Mr. Chandler. "It means a lot to be found in a sound condition."

Hester Clay Moore, of Hartselle, age 23 attracted the attention of the huge crowd on the outside, when his name was called and he was rolled in before the board in a wheel chair. Though the doctors knew that he was not physically able for war, nevertheless the rules prescribe that every man shall be examined. Said Mr. Moore: "Had I been able I would not have waited to have been called. I would already have been in the service of the country."

HAD VOLUNTEERED AND BEEN REJECTED.

Isaac Johnson, clerk for J. Corsbie, at Hartselle, passed a good examination, but claimed exemption because of a wife and children. "I tried to volunteer in the navy some time ago, but was rejected," said Mr. Johnson.

Among the men who were accepted this morning was Frank Inman, popular employe of the Daily. Mr. Inman runs the big "Dixie" printing press on which the Daily is published every afternoon. He claimed exemption on

HIS BEST FRIENDS DID NOT KNOW HIM SAYS E. D. ROUSE

LOOKS SO WELL SINCE TAKING TANLAC PEOPLE DO NOT RECOGNIZE HIM.

"I've got all the malaria out of my system now and haven't had a chill since the very first bottle of Tanlac I took," asserted Eugene D. Rouse, who lives at Monto Santo, Augusta, Ga. "I've gained fifteen pounds, too, and look so much better than I did that my friends hardly recognize me. I was afflicted with malaria and would have the hardest chills anybody ever had. I got so bad I had to give up and for a month I couldn't do a lick of work; in fact, I was so weak I couldn't drive my horse. I had such high fevers I would become delirious. I ached all over and my back hurt me all the time. I got very thin and had so poor an appetite I could hardly eat a thing and what I did eat didn't do me any good. I have taken several bottles of Tanlac and am a well man today.

"My system has been cleared of malaria, I haven't a pain or an ache anywhere about me and I feel good all the time. I've had no more fevers and my appetite is splendid. My meals agree with me like I never had a sick day in my life and I'm just as strong as I ever was and attribute all my good health entirely to Tanlac."

Tanlac is sold in Albany exclusively by Preuit-Dillehay Drug Co.; in Decatur by Decatur Drug Co.; in Trinity by O. E. Young Drug Co.; in Flint by C. E. Poole & Co.; in Priceville by J. E. Matthews; in Sonerville by W. T. Ransom, and in Danville by B. S. Stover. (Adv.)

SEPTEMBER FIRST NATION'S BIG DAY

CROWDER SAYS IT SHOULD BE PROUD OCCASION FOR ALL AMERICANS.

(International News Service.) New York, Aug. 10.—"Make mobilization day, Sept. 1, the nation's proudest day." This is the urgent request going forth today from Provost Marshal General Crowder.

"It will be the biggest day in the history of the United States," said General Crowder.

The regulations made public by General Crowder last night make the local boards responsible for various increments until they are accepted at the cantonments.

Railroad officials have been called into consultation, and every railroad will be commandeered temporarily for the mobilization of the national army.

Railroad Use of Coal Increasing

Eleven Per Cent More Consumed Than for the Previous Year.

Washington, Aug. 10.—It took 136,000,000 tons of bituminous coal, or over one-fourth of the total production of the mines, to transport freight and passengers on the railroads of the United States in 1916. This was an increase of 14,000,000 tons over the amount consumed in 1915, or 11.5 per cent. The combined bituminous and anthracite used by the railroads was 142,735,000 tons.

These figures are contained in a report just made public by the United States geological survey to illustrate the enormous quantity of coal necessary to keep the railroads running.

The amount of bituminous coal consumed by the railroads in the southern district increased from 22,000,000 tons in 1915, to 23,300,000 tons in 1916, or 5.1 per cent. The increase in the eastern district was from 56,500,000 to 62,700,000, or 11 per cent, and in the western district from 43,500,000 to 50,000,000, or 15 per cent.

CHANGE NOTION ABOUT CALOMEL; NOW DELIGHTFUL

Old-Style Calomel Gives Place to the New De-Nauseated Variety Known as "Calotabs."

With all of the liver-cleansing and system-purifying qualities of the old-style calomel, but robbed of its sickening, griping and dangerous effects, Calotabs is destined to become the most popular as well as the most useful of all home remedies. For biliousness, constipation and indigestion it is absolutely indispensable; for nothing but calomel will straighten out a disordered liver.

If you have tried Calotabs, the de-nauseated calomel tablets, you know how easy it is to take. One tablet at bedtime with a swallow of water—no taste, no griping, no nausea. Next morning your liver is active, your system purified, and you are feeling fine, with a hearty appetite. Eat what you please—no danger.

Genuine Calotabs are never sold in bulk. Ask for the original, sealed package containing twenty doses; price thirty-five cents. If you are not thoroughly delighted your druggist is authorized to refund your money.

Hartselle Planning a Great Revival

Noted Preacher and Singer Have Been Fortunately Secured.

Hartselle, Aug. 10.—(Special.)—The official board of the Methodist church here has secured the services of the Browning-Chamberlain evangelistic party to conduct a revival meeting beginning on August 19, and continuing indefinitely.

Rev. Raymond Browning, the head of this party, is one of the greatest evangelists now before the American people and will without doubt draw thousands to this great tent meeting. J. H. Chamberlain, the choir director and soloist, is considered by those who know him as the "greatest evangelistic singer in the South."

Other members of the party are just as efficient and attractive and will contribute their parts to the success of the meeting.

Hartselle and North Alabama are peculiarly fortunate in having the privilege of hearing this great preacher and singer, because they are making a sacrifice to get into Alabama and this is the only reason that a place no larger than Hartselle was able to secure them at all.

Delegations are invited from every church in the country and every surrounding town and city to attend in bodies.

Lemon Ranks High in Medicines.

Whoever first gave vent to the phrase "ten miles from a lemon" created a classic line; for nothing could indeed be more tragic than to sigh in vain for a lemon and be denied it. For general utility the lemon is pre-eminent, and no fruit can compete with it in the number and variety of its uses.

There is nothing more effective in natural foods for toning the system and purifying the blood than this, the most positive of citrus fruits, says the New York American. Save for a few cases where a superfluity of acids is prohibited, the lemon may be prescribed freely, especially for cooling the blood and relieving or preventing a long list of ailments which take their rise in disorders of the liver.

Realized His Value.

Louis is the only boy, not only in the immediate family, but also in the collateral branches. One night at his nurse's knee he said his prayers aloud: "Now I lay me down to sleep, 'If I should die—'"

Fausting, he reflected a moment and then broke out:

"Golly! Wouldn't there be a row in this family if that 'd happen!"

Just a Guess.

"What's all that pounding in the other room?" queried a drummer while he was waiting to see the buyer. "Tunno," replied the office boy. "I heard the boss say he'd got to frame a speech, an' I guess he's doin' it."

CROWDER MAKING IT MUCH HARDER

(Continued from Page One.)

service law exempts no person from military service on the ground of dependency. It only authorizes the president to exclude or discharge from draft "those in a status with respect to persons dependent upon them for support which renders their exclusion or discharge advisable."

The controlling necessity is to raise an army. It is advisable to disturb dependents just as little as the necessity of raising an army will permit. To this end section eighteen of the regulations was compiled carefully and after the most earnest consideration. It experience is to prove that the generous conditions prescribed by section 18, or any abuse of them, will interfere with the raising of an army, then it is no longer advisable to discharge so wide a class and the conditions stated therein will have to be restricted until an advisable rule is reached.

Nothing has happened to change the belief that the persons enumerated in section 18 could be discharged without interfering with the raising of an army, but there are indications that abuses of section 18 may render its continuance no longer advisable.

Reports are to the effect that, in some districts, as high as 80 per cent of persons called before the local boards are filing claims for discharge on the ground of dependent relatives. Such a percentage of claims when viewed in connection with all available statistics indicated beyond question that advantage is being taken of the provisions of the law and regulations which were intended to reduce to a minimum the misery at home normally attendant upon war.

There is a moral certainty, in the extravagance of this percentage, that hundreds of unfounded claims are included in these totals.

This state of affairs greatly increases the burden of local boards for if so high a percentage of registrants claim exemption, only the uncompromising action of local boards can prevent a new regulation on the subject of dependency which shall reduce discharges for dependency to a far more restricted class and to very necessities and clearly defined circumstances.

It is thus apparent that the filing of these improper claims will react directly and injuriously on persons whom the present regulations were designed to protect, and that the welfare of persons who have filed bona fide claims under the present generous clauses of the regulations is seriously imperiled by persons who have filed claims without merit, and that the only protection of persons whose cases are within the meaning of the present rules lies in the power of local boards to refuse exemption in every doubtful case.

It is true that cases of discharge on the ground of dependency are appealed to the district board, but this clause is only inserted to secure uniformity of action. District boards are to examine these cases to discover departures from the law, regulations and rulings; and they will not and cannot open every case on its merits. It is in the local boards, therefore, that the solution of the difficulty and the protection of deserving claimants lies.

LOCAL BOARD TO CALL OUT MEN FOR NEW ARMY

WILL HAVE CONTROL UNTIL REGENTS LEAVE ON TRAINS FOR CAMP.

Washington, Aug. 10.—Regulations under which men of the new national army will be called to the colors, beginning September 1, were issued today by Provost Marshal General Crowder. They map out in detail the whole program to be followed until every soldier of the selective draft army has been accepted by the adjutant general of the training cantonment to which he is assigned.

Two hundred thousand of the first 687,000 men, will be called up September 1 and forwarded to their camps before September 5. The whole business of assembling the levies at entraining points, providing them with shelter, food and transportation and giving them their actual induction into military life is entrusted to the civilian local boards which selected them for service. Until the men reach the camps, they will not be in contact with uniformed officers.

The actual call for men will go in each case from the provost marshal general to the state adjutant general, stating the number of men to be supplied at a specific time. Each local board will be promptly informed of its proportion in the call, and the adjutant general will fix the date when men from his state shall entrain for the camps.

Immediately the local board will make out the list of men to fill the call from the roll of accepted men and it will also fix the place of entrainment and the exact time of departure. Orders to the men will be posted and also be sent them by mail. They will be directed to report to the local board at its headquarters not less than twelve hours or more than twenty-four hours before the time of departure for camp.

"From the time specified for reporting to the local board for military duty," the regulations state, "each man in respect of whom notice to report has been posted, or mailed, shall be in the military service of the United States."

Prior to the arrival of the men at the board headquarters board members are instructed to make arrangements for their sleeping places and meals. The boards will issue tickets for accommodations to be redeemed for cash later by a government disbursing officer. In its discretion, the boards may grant permission for the men to remain at their homes.

Arrived at the board headquarters at the hour fixed for reporting, the men will be drawn up, the roll called and agents of the board will take them personally to their quarters, remaining with them until every arrangement for their comfort has been made. Emphatic instructions are given that the quality of food furnished shall be good, and the board is held liable for seeing that meals are adequate.

Retreat roll call, at the board headquarters, set for 5:30 p. m., on the day of reporting to the board, will be the first military ceremony the drafted men pass through. The board members are directed to be present in person and to impress on the men the fact that disobedience of orders is the gravest military crime. The light hand baggage containing toilet articles and a change of underclothing, which the men are permitted to take with them to camp, will be inspected by the board and the lists of men sent forward made out and copies of original registration cards prepared.

For each district five alternates will be summoned to the board headquarters in addition to the men actually selected to fill the board quotas. They will be held at the assembling point until train time to fill in vacancies should any men of the levy fail to report.

Except for retreat roll call, the men will be given town liberty until 45 minutes before train time. The board will, during this interval, select one man from the levy whom it deems best qualified to command and place him in charge of the party for its trip. He will name a second in command to aid him and the other men will be told that the orders of these two must be obeyed, under penalty of military discipline.

The man in charge of the party will call the roll at the board headquarters just before train time. He will then line up the draft, and, accompanied by the board members, march them to the station to entrain.

There, final verification of the list will be made, and if any man of the selected number is missing, an alternate will be sent forward in his place.

Packers Are Charged With Trying Corner The Tomato Crop

THREE MEN ENLISTED BY DECATUR STATION.

The Decatur recruiting station in charge of Sergeant Ball, has succeeded in enlisting three men in the last two days. The recruiting has been very light since the first call men have been notified. Of the three the first two named are not in the draft ages: Gilbert H. Woods, Falkville; Forest N. Moore, Ardmore, and James M. Guthrie, Addison.

MARRIAGE LICENSES.

Wm. Fred Culbreath, Union Grove, to Miss Myrtle M. Brooks, Somerville. Billy M. McKnight to Miss Edith Berry, of Albany.

About the Welsh.

Wales has plenty of coal, slate, scenery and consonants, but very few surnames. If a Welsh schoolmaster should say, "Jones, you may go home now for being a good boy," the whole school would quit.

People who are not called Jones are called Williams, or Evans, or Hughes, or Lloyd. They divide these names between them and make the best of it. They do not follow the English method of taking their surnames from towns and villages. They felt that to do so would cut them off from the rest of mankind. Nobody could possibly call on Mrs. Llanymynech. Dislocation of the jaw is a great drawback to social intercourse.

The Welshman has the Celtic imagination, says London Answers. He never calls a spade a spade. When he has done describing this implement of agriculture the stolid Englishman thinks he has been listening to a story from the "Arabian Nights," hence the Englishman says the Welshman is an "untruthful." He isn't really. It's only a difference of method.

Knots in Boards.

We find knots in the boards which we notice in a lumber pile or in any other place where boards happen to be because the smaller limbs which grow away from the larger limbs of trees grow from the inside as well as the outside of the tree.

When you see a knot in a board it means that before the tree was cut down and the log sawed up into boards a limb was growing out from the inside of the tree at the spot where the knot occurs, says the Book of Wonders.

You will also find that the wood in the knot is harder generally than the rest of the board. This is because more strength is required at the base of a limb and in the part of the limb which grew inside the tree than in other parts, for the limb must be strong enough to support not only the limb itself, but also the smaller limbs which grow out of it.

Be Correctly Tailored

One of the most important essentials about dress is the correctness of the cut of your clothes. When that detail has been neglected or overlooked, shabbiness is always the result. Careful consideration is given to the smallest details in every suit made in this shop. The purchaser is always given a try-on before the suit is finished, thus assuring him of a perfect fit when the suit is complete. No delays in shipping or returning to the factory for alterations. Our suits are made right here in Decatur, where you even see every stitch that goes into it if you desire.

One of the finest assortments of Fall and Winter Woolens to select from at prices that will fit your purse as well as the suit fits you.
